

LICENCE CLASSES

NON-STRUCTURAL METAL FABRICATION AND INSTALLATION LICENCE

Scope of work

(1) Prepare, fabricate and erect non-structural metal components.

Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following—
 - (i) an apprenticeship in engineering fabrication (sheetmetal working, boilermaking or blacksmithing);
 - (ii) an apprenticeship in engineering mechanical (fitting and turning or turning);
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a plumbers and drainers licence issued by the Plumbers and Drainers Board;
- (d) a recognition certificate as a qualified metal wall and roof cladder or plumber and drainer;
- (e) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

Managerial requirements

An approved managerial qualification.

Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

Financial requirements

The relevant financial requirements in the board's policies.
