

# LICENCE CLASSES

## NON-STRUCTURAL METAL FABRICATION AND INSTALLATION LICENCE

### Scope of work

(1) Prepare, fabricate and erect non-structural metal components.

### Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following—
  - (i) an apprenticeship in engineering fabrication (sheetmetal working, boilermaking or blacksmithing);
  - (ii) an apprenticeship in engineering mechanical (fitting and turning or turning);
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a plumbers and drainers licence issued by the Plumbers and Drainers Board;
- (d) a recognition certificate as a qualified metal wall and roof cladder or plumber and drainer;
- (e) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

### Managerial requirements

An approved managerial qualification.

### Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

### Financial requirements

The relevant financial requirements in the board's policies.
