

# LICENCE CLASSES

## REFRIGERATION, AIRCONDITIONING AND MECHANICAL SERVICES INCLUDING UNLIMITED DESIGN LICENCE

### Scope of work

- (1) Install, commission, service or repair refrigeration, airconditioning, mechanical ventilation and air handling systems for a building.
- (2) Design and prepare plans and specifications for refrigeration, airconditioning, mechanical ventilation and air handling systems for a building if the plans and specifications are—
  - (a) for the licensee's personal use; or
  - (b) for use in building work to be performed by the licensee personally.

### Technical qualifications

Any 1 of the following—

- (a) successful completion of a Diploma in Engineering (Refrigeration and Air Conditioning) (CN941);
- (b) successful completion of a course the authority considers is at least equivalent to the course mentioned in paragraph (a);
- (c) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

### Managerial requirements

An approved managerial qualification.

### Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

### Financial requirements

The relevant financial requirements in the board's policies.
